

Add Efficiency to the Produce Supply Chain with Reusable Containers & Pallets

Applications:

- > Processing
- > Harvesting
- > Distribution
- > Retail Display

Denham Plastics offers an efficient method to protect and transport produce with high quality, impact resistant, durable and reusable agricultural totes, bulk containers and pallets.

Designed for re-use, these products provide an excellent return on investment, while offering product protection throughout your operation.

Choose from many styles for use in field harvest, in-plant handling, staging, processing, packing, distribution and retail display of fruits and vegetables.

Choose from a wide variety of products designed specifically for agricultural applications. These high-quality products also offer:

- > Smooth surfaces for easy cleaning and superior product protection
- > Ventilated design for faster cooling, easier cleaning, accurate temperature control and minimized cooling time.
- > Stack securely when full and nest for space efficiency when empty
- > Availability in FDA-approved materials
- > Industry standard footprints and sizes
- > Containers work for a variety of commodities
- > Hygienic, easy-to-clean design

Plastic reusable packaging improves the flow of product all along the produce supply chain, to reduce total costs. We use proven expertise, industry-leading knowledge and superior products to create reusable packaging systems that help world-class companies move their products faster, better, safer and more cost effectively. Reusable Solutions for the Agricultural Industry

GP4048
 -Collapsible bulk containers
 -48" x 40" footprint
 -Easily cleanable
 -One person can easily assemble and collapse

SNX2416-7
 -Patented cross-stack design
 -Efficient footprint 24" x 16"
 -Hole pattern on bottom ideal for cooling and cleaning

Air Flow (AF1 and AF-21) Containers
 -Faster cooling
 -Superior ventilation
 -Stacks with bails, nests without
 -Heights 6.8" and 13.4"

Specifications All dimensions in inches, unless speci-

Model	Description	Outside Top Dimensions		Inside Bottom Dimensions		Height	Product Clearance w/o Cover	Weight	Volume (cu. ft.)	Nest Ratio	Truckload Quantity 53' Trailer
