

PRODUCT APPLICATION SHEET

AF-21 Plastic Stack-N-Nest Container

Reliable handling, processing, storage, stocking and display is critical in today's modern distribution systems.

DENHAM Plastics offers an efficient method to protect and transport agricultural and nursery items with high quality, impact resistant, durable and reusable hand-held containers and trays. Easily cleaned and sanitized, DENHAM Plastics containers are an economical improvement over single-use corrugated cartons and are ideal for moist environments. These plastic containers are fully recyclable at the end of their service life.

BENEFITS

- 24" x 20" footprint
- Stacks securely with bail arm engaged
- Nests for space efficiency when bail arm is open
- Fits 4-up on standard 40 x 48 pallets
- Ventilated design for easier cleaning, accurate temperature control and minimized cooling time
- Smooth surfaces for easy cleaning and superior product protection
- Radius corners prevent product damage
- Used for field harvest, in-plant handling, staging and processing of fruits and vegetables
- Used for case-ready meat distribution
