Base Dimension Length	45.0
BaseWidth	36.75
BaseHeight	25.75
OutLength	48.0
OutWidth	40.0
OutHeight	31.0
Weight	92

Consider these features when choosing your next bulk container:

- Longer container life – less frequency repair and replacement
- Tough yet lightweight – move them by hand when empty.
- Stackable – patented interlocking corners allow safe stacking up to ten high.
- Completely sanitary – can be high-pressure washed and sterilized.
- HDPE plastic – UV protected for outdoor use and fully recyclable.
- Air Curtains – available for maximizing efficiency in air drying systems.
- Meets USDA/HACCP standards for food product handling.
- Smooth interior surfaces – allow a better packout.
- Does not harbor – splinter, pests, pathogens, mold or other undesirable elements like wood bins.
- Consistent, more accurate tare weight – than wood containers that absorb excess moisture and water.
- Customizable – add casters, drain plugs, label holders, attachable lids, custom colors and even emboss your company logo on the side.
